NOTICE:

This permit becomes null and void if work or construction authorized is not commenced within 6 months, or if construction or work is suspended or abandoned for a period of 6 months at any time after work is commenced.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Signature of Contractor/Authorized Agent

Signature of Owner (If Owner shall be the Contractor)

Permit Technician

Permit #:

Double Fee:

With respect to the plumbing permit where work is started or proceeded with prior to obtaining the applicable permit, the fees specified shall be doubled. Such double fees shall not relieve any person from fully complying with the requirements in the execution neither of the work nor from any other penalties prescribed in the code.

**PLUMBING / GAS PERMIT APPLICATION**

Date: _____

Address: _____

We, the General Contractor and the Plumbing Contractor request the use of temporary utilities for construction and the testing of equipment. The temporary fuel gas permit will be in force for 3 months (90 days). If more time is required to complete the building, the Plumbing Contractor shall submit a new permit and fee.

We understand that this in no way gives us permission to occupy or use for storage purposes this building or portion thereof, unless all inspections for the building has been approved and a Certificate of Occupancy has been issued. **Up to a \$500.00 (Five Hundred Dollar) fine per day can be assessed when a structure is occupied prior to an Occupancy Certificate being issued by the city.** We further understand that the temporary utilities may be disconnected for any violation of the Building Code. We assume the responsibilities for any violation of this agreement. We will indemnify and hold forever harmless the City of Missouri City, its officers and employees from any and all claims or causes of action alleged to have been caused directly or indirectly by the temporary use of utilities for which this application is made.

Fuel Gas Code:

The City Missouri City has adopted the 2006 Edition of the Fuel Gas Code with the following requirements:

1. All materials sold or installed in the City must comply with the IPC 2006 and must be properly marked and identified.
2. A temporary gas connection shall be required on all new residential construction before the final gas inspection is made.
3. All persons engaged in plumbing work with Missouri City shall be duly licensed and have proof of their license in their possession.
